

Home Learning for 'The Troll'

In English:

the children will be developing their story writing skills, including key grammar and spellings. They will use different sentence types, including expanded noun phrases. The children will also have the opportunity to write instructions for the troll and letters to inform him of what they have designed.

In Design Technology (D.T.):

the children will be designing and creating a boat for the Troll to help him get cooking ingredients from another island. They will learn to test and evaluate their boat, making adjustments to improve it.

In science:

the children will be completing a range of different scientific tasks and investigating what materials are suitable to help the troll fix his problems.

After finding a strange cookery kit belonging to the troll, the children set about helping him by finding unique solutions to his many problems. They investigate materials and produce innovative creations to fix the trolls bridge and put a window in the treasure chest, and even design and make a boat to help him get across the river in the meantime. Knowing what a hard time the Troll has had, they finally plan, draft, write and present a new adventure to cheer him up and sent it to him via a recorded video.

Learning Value: **Creativity**

- Think of ideas and solutions that nobody else has thought about and which reflect their individuality and uniqueness.
- Gain mastery over the tools and materials they work with so they can produce novel and innovative ideas and creations that are of value.
- Freely generate ideas through making connections and exploring a range of possibilities.

Project Vocabulary

Please ensure your child learns these to encourage them to use them correctly in school.

Spelling quiz: 2.11.18

sure	pretty
clothes	told
cold	beautiful
suddenly	
gold	
hold	
experiment	

Key information:

Home Learning is due:

Friday 11th November 2018

Please save up any recyclable materials in order for your children to make their boats in school. Please can these be brought into school by ***Monday 15h October 2018***

Please see the attached Home Learning which has been written and explained to your child.

We really value the support you show to your child with their home learning in order for them to consolidate their thinking skills and creativity. The home learning will be acknowledged in class and the children will be creating a bar chart to present the results for the strongest material.
