## Prologue

Darkness, pain and sorrow. Deceived, betrayal and anger. Raven awoke with a scare. A clouded future or just a dream? What? That was the night it happened. A night of the darkness, unleashed...

"Republic leader Q4921 report. Q4921 report. where is she? I sense..."

"Commander Shan," said 502<sup>nd</sup> Legion trooper, "your shuttle is ready."

"Trooper, have you seen Q4921?"

"No last time I saw him was in the battle of Yavin and you know how long ago that was Commander."

"Yes, yes I do. 25 years ago wasn't it?"

"That's a life time for a clone, Commander."

"I know," Mulgus said.

"MULGUS!" Shan exclaimed, "why are you here?"

Mulgus's mouth turned into sudden stroke shock.

"Raven," he muttered under a deep, dark, cold voice.

"I will leave you to," the trooper said whilst lowering his weapon.

"Why here then?" Shan questioned, "why look here?"

Mulgus turned his head to look towards the bright summer horizon. Turned his head back and walked away.

"Darkness," he said bitterly.

"What?" Master Shan asked in curiosity.

"I sense," Mulgus paused, "darkness."

Shan's eyes widened. Her hand turned to pick up the lightsaber. A blade of green shot up in the darkend sky. Mulgus quickly swung a red blade to deflected Shan's green one.

"You traitor!" Shan screamed.

Mulgus gleared in disused. "You liar. You're the traitor!"

Troopers started shooting. The lightsabers clashed. A strange buzz came from the lightsabers whilst they clashed. Quickly, Mulgus pressed a button on his lightsaber and another bolt shot out.

"A double lightsaber, how," Shan exclaimed.

"My Master," Mulgus said in a cold voice.

"Marster raven," the Mandalorian shoot him again. "Marster,"  
Raven awoke. "Again," he muttered.

"Sorry marster but..."

"No. Not you. The dreams. Death, suffering and darkness."

"Marster, You have talked to the council, haven't you?"

"T-5. Take my padawan to Coruscant to discuss the attack on marster Shan."

"righty hoe," T-5 said in a cheery voice.

"Asooka, Be carefull," raven exclaimed.

"Yes marster."

T-5 and young padawan Asooka set off and left raven - in his nightmares. Soon, raven drifted into darkness, his dreams. A universe. A blank universe, screaming. Raven heard a voice. Blunting the others out.

"together we will rule the galaxy."

Who was it raven wondered? He heard another.

"No lets create a new empire."

"Stronger, more powerful."

"Good my apprentice," Darth Bane smiled in a unpleasant way. Mulgus reached to his pocket "I have destroyed Master Shan my lord."

"Good, good. Her light-saber..."

Mulgus took the lightsaber from his pocket and handed it to Bane. "Excellent, The crystal is the key to the secret."

Meanwhile, Asooka and T-5 arrived at Coruscant.

"Righty here, here's our last stop, Asooka."

"Thanks, T-5, be careful."

"Asooka."

Asooka turned her head to face...

"Master Plo Koon."

Plo Koon was an extraordinary Jedi Master in the Clone Wars. He has a blue light-saber, He can use the Force and he found Asooka when she was a youngling.

"The rest of the Jedi Order awaits: Young one."

Padawan Asooka and Grand Master Plo Koon walked in to the Jedi chambers.

"Ummm, young one you are." Yoda looked at her, "Powerful with the Force you are as well. Ummm."

Meanwhile, outside the Jedi temple, Mulgus and his army have begun their attack. Blasters and clashing of light sabers, the Jedi protected their prized temple.

"Protect the temple," announced Grand Master Gav.

Mulgus charged whilst laughing then took out about five soldiers. Then another 5 and another. The Jedi who watched in horror as the Sith Lord slaughtered their army. He stopped. He looked at them. "You may have killed my army, but I have slain yours."

"Or why can't we make a peace treaty?" a Jedi questioned. The Sith walked up to him and grabbed him by the neck. "We will never make a treaty, nor join forces." Mulgus smiled then grabbed his neck tighter, "Is that CLEAR?"

Impulsively, Grand Master Flo Koon stepped up, "NO. We are the Jedi Order and we do not take commands from a servant of the Sith."

The Sith Lord grinned. "It's settled then." Quickly, Mulgus squeezed the Jedi's neck which made Gort (the Jedi's) air waves close up. Gort fell to the ground, Dead.

"Now, is that clear?" repeated Mulgus.

"Just tell me one thing," Yoda pleaded, "why are you here?"

Mulgus smirked then ignited his lightsaber, "As I told Shan before I eliminated her: Revan."

The Order gasped in ~~horror~~ horror.

"If you please, your lightsabers."

The Jedi gave their lightsabers to singular Sith.

"Right, finally that's over," Mulgus continued, "where are the cowardly nates to find Revan?"
