## Reach For The Stars.

### Year 2

It was lovely to see all the learning and work that was on display in the 'Unsinkable' museum that was arranged as the outcome in Year 2 this Thursday. This very popular project about the Titanic has helped the children produce some wonderful and powerful writing, artwork and even dance! We enjoyed the museum quiz that was completed by parents, visitors and children that showed how much memorable learning has taken place over the past weeks.

The home learning for this project has been fantastic and it was awe-inspiring to see it all gathered together and displayed across the three Y2 classrooms. Who even knew that there was a lego Titanic?

### Visitors

This week our school had a mid-term review by our Reach South Academy sponsors who looked at all aspects of how the school is doing and our plans to continue to move forward. This was an internal review to support the school to ensure that the good quality of education is sustained and developed further. The team had meetings with senior staff and teachers and spoke with Governors, parents and our pupils.

Our pupils, your children, were described as 'delightful' and one of the school's biggest assets. Amongst other things, the team wanted to pass on their thanks to you as parents and carers. We agree— Thank you!

The visit will form part of our school improvement planning for the year ahead.

Deputy Head Teacher

### ILLNESSES

Please remind your children to wash their hands thoroughly with soap and warm water. Sneezes and coughs should be into the elbow to prevent the spread of germs. The school's soap is safe, very high quality, hypoallergenic and non-irritant and is widely used by public bodies.
