## Reach For The Stars.

### EYFS UPDATE

EYFS have been getting really stuck into our new project 'Step in Time'. The children came back to school in January to find a range of objects in the school hall to investigate. They found a typewriter, vinyl record, cd player, dominos and lots more. The children concluded after discussion that these objects were 'old'. We then challenged the children to be historians and find out more about the past and what it was like when their grandparents were younger. We began our project last week by thinking about the stages of life and growing up. The children created timelines and thought carefully about what changes happen at each life stage.

This week we have been exploring jobs in the past and how those jobs have changed over time. The children have also been choosing what they would like to be when they grow up. The children have produced some fabulous drawings of their chosen occupation and written some captions to explain why. We cannot wait to share our learning with our grandparents at the outcome of our project 'Grand Tea Party' on Thursday 2<sup>nd</sup> February! More information will follow about the outcome of this project.

### Safeguarding —WhatsApp

The legal age for WhatsApp is 16 and children at Hill View Primary are way below this age and should not be using this App. Please can we therefore ask parents and carers to check your child is not using this app and remove WhatsApp from their phone. It is always advisable to monitor your child's online use closely to negate any safeguarding risk.

There has been a an incident involving WhatsApp where inappropriate messages were generated via an app called "Auto Clicker," (the default number sent 1000), and were sent via the "facemoji" found on the emoji keyboard in this App. .

Thank you in advance for your support .
