

Hill View Primary School

Reach For The Stars.

Dear Parents and Carers

Year 2 update

We have had a very exciting start of the spring term in Year 2. When we arrived back in school after our lovely Christmas break, we discovered a mysterious, old suitcase in the classroom. After opening it, we discovered lots of precious objects. Clues from the photos and newspaper made us think it must have been found in the wreckage of the Titanic. The children have been busy reading, researching and explore lots of texts and pictures to find out more about this event. We were very lucky to be able to visit the Sea City Museum in Southampton.

We were able to find out even more fantastic facts about the Titanic through the engaging workshops and discovery sessions! We can't wait for our parents to come and visit our very own Hill View Titanic museum on Thursday 9th February at 3.30pm, and see all our amazing work.

Year 2 Lead

SAFEGUARDING

Please see the attached information regarding DISCORD, please read this to ensure your child/children are safe.

Thank you

M&M Theatrical Productions - Beauty and The Beast

The pupils at school enjoyed the panto on Wednesday, please see the pictures below.

A big thank you from everyone at Hill View Primary to the PTFA for organising and funding this. The staff and children thoroughly enjoyed it.

Medication

Non Prescribed Medication should not be coming into the school building. Please do not let your child bring in lip balms, nose or throat sprays and cough sweets. This also applies to hand creams and body lotions. The school is not able to facilitate these as there are children in school with various allergies and these items, especially if shared with other children in the class can have serious consequences. If your child has particularly sore lips or hands please speak to the class teacher about this.

Thank you

Pupil Absence

Please call the school office on 01202514109 if your child is going to be absent from school or please send an email to office@hillview.bournemouth.sch.uk

If leaving a message or sending an email please give the following information:-

Child's name, Class/Year Group

Reason for Absence—e.g. high temperature, sore throat, sickness etc and if you are taking them to the GP then please give this information too.

Thank you

After School Club and Morning Club

Please remember that payment secures your child's place at both clubs. Payment should be made by WisePay 2 weeks in advance.

Parents using childcare vouchers please email the school office on office@hillview.bournemouth.sch.uk with the following details, amount paid, morning club and/or after school club, dates the payment covers, your reference number and the company used. This helps the Trust and school to allocate your payment swiftly to your child's account.

Thank you

EVERYDAY POWER

Should I let my child use Discord? NSPCC advice

It has an age-rating of 13+.

What is Discord? Discord is an instant messaging and chat platform that allows users to communicate using voice, video or text. It is popular with the gaming community who use it to talk to people during gameplay, and swap tips about different types of games. However, recently it has grown its user base and is now used by others outside the gaming community.

How does Discord work? Users talk to each other on the platform via servers. A server is like a message board, where people can meet and chat to others who have similar interests to them. Each server is focused on a different theme or topic. There are servers dedicated to discussing anything from Fortnite, to food. Any user can create a server and invite people to it.

What do young people think about Discord? Young people who have contacted Childline have described the platform as being a good place to meet new people outside of their normal social circle. Some also spoke about it being somewhere they can explore romantic connections and talk to others with similar interests to them.

However, they also reported experiencing abuse and harassment on the platform. Some also shared that they had been exposed to harmful and inappropriate content on the app.

Is Discord safe?

Your child could come across inappropriate or harmful content. Some of the servers on Discord are themed around adult topics that might not be suitable for your child. There are also reports of harmful and illegal content being shared on the platform.

It puts your child in contact with adults or other young people who might want to cause them harm. Anyone over the age of 13 can join public servers on Discord. This could put your child at risk of communicating with someone who might not have their best interests at heart and wants to cause them harm.

Puts them at risk of experiencing abuse or bullying. Some people behave differently online to how they would offline. This puts children and young people at an increased risk of being bullied on platforms like Discord.

They could be pressured to send money to other users. There is an option to donate to servers they follow or join paid-only servers on the platform.

Are there any safety features available on Discord?

Keep me safe. This setting automatically scans and deletes direct messages that may contain content that goes against its community guidelines.

To enable this setting:

- go to 'User settings'
- select 'Privacy and safety'
- then 'Safe direct messaging'
- you will then need to select 'Keep me safe'.

Be aware though that this only scans for media content and it won't pick up text that contains inappropriate or offensive language.

Manage private messages. There are different settings available that will help manage who can contact your child on the platform. By default, your child can be sent a private, direct message (most likely referred to as a DM) by other users who are in the same server as them.

You can disable this by going to:

- 'User settings'
- 'Privacy and safety'
- then select 'Server privacy default'
- move the 'Allow direct messages from server members' toggle to off.

Manage friend requests. You can also manage who can send your child a friend request. Being 'Friends' on Discord means you can communicate outside of servers. You can access this setting by:

- going into 'User Settings'
- selecting 'Privacy & Safety'
- 'Who Can Add You As A Friend'.

You will then be given three options to help you manage who can add them.

These include:

- everyone – anyone on the platform can add them
- friends of friends – selecting this means that your child will be able to receive friend requests from users who they have mutual friends with
- server members – this means that your child can be added by anyone who has joined the same server as them.

If you don't want your child to receive any requests, you can deselect all three options. However, this won't stop them from sending out friend requests.

Top tips to help keep your child safe on Discord

Talk to them about who they are talking to

It's important to have regular conversations with your child about who they are talking to online. Discuss what apps they are using and set rules around who they can speak to and when.

Remind them to not share personal information on Discord, even with people they know offline.

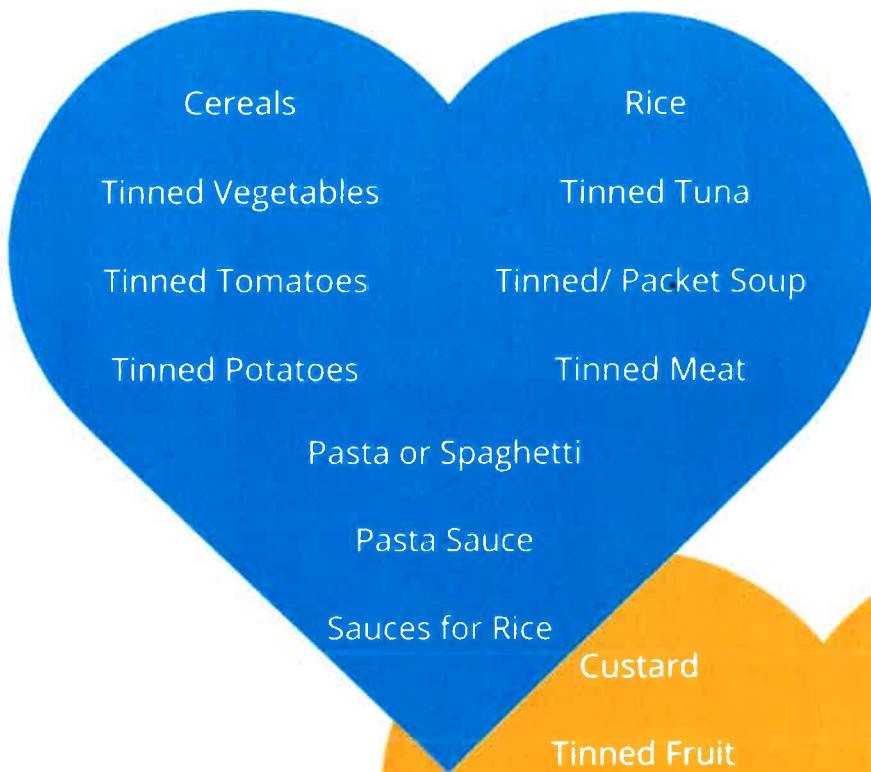

Tell them to come to you if they come across inappropriate content

Make sure your child knows they can come to you if they see something inappropriate online. You should also remind them that they can always speak to a [Childline Counsellor](#), or another trusted adult if they'd prefer.

The important thing is that they know there is support there if they need it.

Explore other age-appropriate chat apps

If your child enjoys talking to their friends online, you might also want to explore other chat platforms. For example, ones that have more safety settings or parental controls.
