## HVPA Maths Updated Sequence of Learning Progression - Year 4

This overview breaks down each of the Programmes of Study and domains covered by Year 4 and shows the approximate amount of weeks expected in the teaching of each area. Time is built in for consolidation and extension (based on the security of pupils' understanding \& readiness to move on, challenge through problem solving and reasoning) and assessment within each term. Year 4 progression: there has been very little change to the progression of units but Area rather than Perimeter is now the Measure unit included in Term A. Area has been moved to the Autumn term. This now precedes the multiplication and division block as at this stage children are exploring the idea of area (by counting squares) rather than the formula, so multiplication facts are not a pre-requisite. Length and perimeter has been moved to the Spring term. Resources to have ready: in the Autumn term you are mostly going to need place value counters and grids

## Changes within the Learning Progressions:

## Place Value Within 1000

- The steps on rounding have been put together at the end of the block rather than interspersed as present.
- This, together with the final extra step which explores rounding to different degrees of accuracy, will allow a more focused look at the concept of rounding.
- The block starts with revision of the numbers to 1,000 studied in Year 3 to make sure these are secure before moving to 4 -digit numbers.
- The study of negative numbers has been moved to Year 5 where it can be explored in greater depth rather than a single step.

## Addition and subtraction

- There is a more gradual introduction to the addition and subtraction of numbers with four digits, with consideration of numbers with fewer digits revisited first in the steps.
- There is more explicit consideration of cases where there are no tens and no hundreds when subtracting to support the difficulties sometimes encountered by children when exchanging in calculations like these.

## Area

- Note that this block now precedes the multiplication and division block. At this stage children are exploring the idea of area (by counting squares) rather than the formula, so multiplication facts are not a prerequisite.

## Multiplication \& Division

- Many steps have been swapped with the other multiplication and division block in Year 4 in the previous version of the schemes. For example, multiplication by 10 and 100 has been moved to the later block where understanding of this is needed to support the formal method of short multiplication.
- Multiples of 3 are revisited before exploring the related 6 - and 9 -times tables, and a step is included to look at the connections between these.

| Autumn Term |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Strand | PM Unit | PM Unit Title | Lesson | NC Objective 1 | NC Objective 2 |
| Number - <br> Number and Place <br> Value <br> (approx. $31 / 2$ weeks) | 1 | ```Place Value - 4-digit numbers (1) (8 lessons)``` | Represent and partition numbers to 1,000 | Recognise the place value of each digit in a four-digit number (1,000s, 100s, 10 s , and 1s) |  |
|  |  |  | Number line to 1,000 |  |  |
|  |  |  | Multiples of 1,000 | Count in multiples of 6, 7, 9, 25 and 1,000 |  |
|  |  |  | 4-digit numbers | Identify, represent and estimate numbers | sing different representations |
|  |  |  | Partition 4-digit numbers flexibly | Recognise the place value of each digit in | our-digit number (1,000s, $100 \mathrm{~s}, 10 \mathrm{~s}$, and 1s) |
|  |  |  | Partition 4-digit numbers flexibly | Recognise the place value of each digit in a four-digit number ( $1,000 \mathrm{~s}, 100 \mathrm{~s}, 10 \mathrm{~s}$, and 1s) | Identify, represent and estimate numbers using different representations |
|  |  |  | $\begin{aligned} & 1,10,100,1,000 \text { more } \\ & \text { or less } \end{aligned}$ | Find 1,000 more or less than a given number | Count from 0 in multiples of 4, 8, 50 and 100; find 10 or 100 more or less than a given number |
|  |  |  | 1,000s, 100s, 10 s and 1s | Recognise the place value of each digit in a four-digit number ( $1,000 \mathrm{~s}, 100 \mathrm{~s}, 10 \mathrm{~s}$, and 1s) | Identify, represent and estimate numbers using different representations |
|  | 2 | Place Value - 4-digit | Number line to 10,000 | Identify, represent and estimate numbers using different representations | Recognise the place value of each digit in a four-digit number ( $1,000 \mathrm{~s}, 100 \mathrm{~s}, 10 \mathrm{~s}$, and 1 s ) |
|  |  | numbers (2) <br> (8 lessons) | Between two multiples | Recognise the place value of each digit in a four-digit number ( $1,000 \mathrm{~s}, 100 \mathrm{~s}, 10 \mathrm{~s}$, and 1s) | Count in multiples of 6, 7, 9, 25 and 1000 |
|  |  |  | Estimate on a number line to 10,000 | Order and compare numbers beyond 1,000 | Identify, represent and estimate numbers using different representations |
|  |  |  | Compare and order numbers to 10,000 | Order and compare numbers beyond 1,000 | Identify, represent and estimate numbers using different representations |
|  |  |  | Round to the nearest 1,000 | Round any number to the nearest 10,100 or 1,000 |  |

|  |  |  | Round to the nearest <br> 100 <br> Round to the nearest 10 <br> Round to the nearest <br> $1,000,100$ or 10 |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Number - <br>  <br> Subtraction <br> (approx. $31 / 2$ weeks) | 3 | Addition and subtraction (2) (16 lessons) | Add and subtract 1 s , $10 \mathrm{~s}, 100 \mathrm{~s}, 1,000 \mathrm{~s}$ | Add and subtract numbers with up to 4 digits using the formal written methods of columnar addition and subtraction where appropriate | Solve number and practical problems that involve all of the above and with increasingly large positive numbers |
|  |  |  | Add two 4-digit numbers - one exchange |  |  |
|  |  |  | Add two 4-digit numbers - one exchange |  |  |
|  |  |  | Add with more than one exchange |  |  |
|  |  |  | Subtract two 4-digit numbers |  |  |
|  |  |  | Subtract two 4-digit numbers - one exchange |  |  |
|  |  |  | Subtract two 4-digit numbers - more than one exchange |  |  |
|  |  |  | Exchange across two columns |  |  |
|  |  |  | Efficient methods | Estimate and use inverse operations to check answers to a calculation | Add and subtract numbers with up to 4 digits using the formal written methods of columnar addition and subtraction where appropriate |
|  |  |  | Equivalent difference |  |  |
|  |  |  | Estimate answers |  |  |
|  |  |  | Check strategies |  |  |
|  |  |  | Problem solving - one step | Solve addition and subtraction two-step problems in contexts, deciding which operations and methods to use and why |  |
|  |  |  | Problem solving comparison |  |  |  |
|  |  |  | Problem solving - two steps |  |  |  |
|  |  |  | Problem solving - multistep problems |  |  |  |
| Measurement (approx. 1 week) | 4 | Measure - Area (5 lessons) | What is area? Count squares | Find the area of rectilinear shapes by counting squares |  |
|  |  |  | Measure area using squares |  |  |  |
|  |  |  | Count squares |  |  |  |
|  |  |  | Make shapes |  |  |  |
|  |  |  | Compare area | Estimate, compare and calculate different measures, including money in pounds and pence |  |
| Number - <br> multiplication and division (approx. $21 / 2$ weeks) | 5 | Multiplication and Division <br> (12 lessons) | Multiples of 3 | Recall multiplication and division facts for multiplication tables up to $12 \times 12$ |  |
|  |  |  | Multiply and divide by 6 |  |  |  |
|  |  |  | 6 times-table and division facts |  |  |  |
|  |  |  | Multiply and divide by 9 |  |  |  |
|  |  |  | 9 times-table and division facts |  |  |  |
|  |  |  | The 3, 6 and 9 timestables |  |  |  |
|  |  |  | Multiply and divide by 7 |  |  |  |
|  |  |  | 7 times-table and division facts |  |  |  |
|  |  |  | 11 and 12 times-tables and division facts |  |  |  |
|  |  |  | Multiply by 1 and 0 | Use place value, known and derived facts to multiply and divide mentally, including: multiplying by 0 and 1 ; dividing by 1 ; multiplying together three numbers |  |
|  |  |  | Divide by 1 and itself |  |  |  |
|  |  |  | Multiply three numbers |  |  |  |
| Spring Term |  |  |  |  |  |
| Strand | PM Unit | PM Unit Title | Lesson | NC Objective 1 | NC Objective 2 |
| Number multiplication and division (approx. $31 / 2$ weeks) | 6 | ```Multiplication & Division (2) (16 lessons)``` | Factor pairs | Recognise and use factor pairs and commutativity in mental calculations |  |
|  |  |  | Multiply and divide by $10$ | Recall multiplication and division facts for multiplication tables up to $12 \times 12$ | Use place value, known and derived facts to multiply and divide mentally, including: multiplying by 0 and 1 ; dividing by 1 ; multiplying together three numbers |
|  |  |  | Multiply and divide by $100$ |  |  |
|  |  |  | Related facts multiplication |  |  |
|  |  |  | Related facts - division |  |  |
|  |  |  | Multiply and add | Solve problems involving multiplying and adding, including using the distributive law to multiply two-digit numbers by one digit, integer scaling problems and harder correspondence problems such as $n$ objects are connected to m objects |  |
|  |  |  | Informal written methods | Multiply two-digit and three-digit numbers by a one-digit number using formal written layout |  |

|  |  |  | Multiply 2 digits by 1 digit <br> Multiply 3 digits by 1 digit |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  | Solve multiplication problems | Solve problems involving multiplying and adding, numbers by one digit, integer scaling problems are connected to m objects | cluding using the distributive law to multiply two-digit harder correspondence problems such as $n$ objects |
|  |  |  | Basic division | Recognise and use factor pairs and commutativity in mental calculations | Use place value, known and derived facts to multiply and divide mentally, including: multiplying by 0 and |
|  |  |  | Division and remainders | Multiply two-digit and three-digit numbers by a one-digit number using formal written layout | 1 ; dividing by 1 ; multiplying together three numbers |
|  |  |  | Divide 2-digit numbers | Use place value, known and derived facts to mult | ly and divide mentally, including: multiplying by 0 and |
|  |  |  | Divide 3-digit numbers |  |  |
|  |  |  | Correspondence problems | Recognise and use factor pairs and commutativity in mental calculations | Solve problems involving multiplying and adding, including using the distributive law to multiply twodigit numbers by one digit, integer scaling problems and harder correspondence problems such as $n$ objects are connected to m objects |
|  |  |  | Efficient multiplication | Solve problems involving multiplying and adding, including using the distributive law to multiply two-digit numbers by one digit, integer scaling problems and harder correspondence problems such as $n$ objects are connected to $m$ objects | Recognise and use factor pairs and commutativity in mental calculations |
| Measurement | 7 | Length \& Perimeter | Measure in km and m | Convert between different units of measure [for | xample, kilometre to metre; hour to minute] |
| (approx. $11 / 2$ weeks) |  | (6 lessons) | Perimeter on a grid | Measure and calculate the perimeter of | ilinear figure (including squares) in |
|  |  |  | Perimeter of a rectangle | centimetres and metres |  |
|  |  |  | Perimeter of rectilinear shapes |  |  |
|  |  |  | Find missing lengths in rectilinear shapes |  |  |
|  |  |  | Perimeter of polygons |  |  |
| Number - Fractions - (including decimals | 8 | Fractions (1) <br> (9 lessons) | Count beyond 1 | Non-statutory guidance: They practise counting using simple fractions and decimals, both forwards and backwards | Recognise and use fractions as numbers: unit fractions and non-unit fractions with small denominators |
| and percentages) <br> (approx. 5 weeks) |  |  | Partition a mixed number | Ready to progress criteria (4F-1): Reason about the location of mixed numbers in the linear number system |  |
|  |  |  | Number lines with mixed numbers |  | Compare and order unit fractions, and fractions with the same denominators |
|  |  |  | Compare and order mixed numbers |  |  |
|  |  |  | Convert mixed numbers to improper fractions |  | Recognise and show, using diagrams, equivalent fractions with small denominators |
|  |  |  | Convert improper fractions to mixed numbers |  |  |
|  |  |  | Equivalent fractions | Recognise and show, using diagrams, families of common equivalent fractions | Compare and order unit fractions, and fractions with the same denominators |
|  |  |  | Equivalent fraction families |  | Recognise and show, using diagrams, equivalent fractions with small denominators |
|  |  |  | Simplify fractions |  | Recognise and use fractions as numbers: unit fractions and non-unit fractions with small denominators |
|  | 9 | Fractions (2) (8 lessons) | Add and subtract two or more fractions | Add and subtract fractions with the same | enominator |
|  |  |  | Add fractions and mixed numbers |  |  |
|  |  |  | Subtract from mixed numbers |  |  |
|  |  |  | Subtract from whole amounts |  |  |
|  |  |  | Problem solving - add and subtract fractions (1) | Solve problems involving increasingly harder frac quantities, including non-unit fractions where the | ns to calculate quantities, and fractions to divide answer is a whole number |
|  |  |  | Problem solving - add and subtract fractions (2) |  |  |
|  |  |  | Fraction of an amount | Non-stat lesson. It is not specifically mentioned in the curriculum | Solve problems involving increasingly harder fractions to calculate quantities, and fractions to divide quantities, including non-unit fractions where the answer is a whole number |
|  |  |  | Problem solving fraction of an amount | Solve problems involving increasingly harder frac quantities, including non-unit fractions where the | ons to calculate quantities, and fractions to divide answer is a whole number |
|  | 10 | Decimals (1) | Tenths as fractions | Recognise and write decimal equivalents of | any number of tenths or hundredths |
|  |  | (12 lessons) | Tenths as decimals |  |  |
|  |  |  | Tenths on a place value grid |  |  |
|  |  |  | Tenths on a number line (1) |  |  |
|  |  |  | Tenths on a number line (2) |  |  |
|  |  |  | Divide 1 digit by 10 | Find the effect of dividing a one- or two-di | it number by 10 and 100, identifying the value |
|  |  |  | Divide 2 digits by 10 | of the digits in the answer as ones, tenths | nd hundredths |
|  |  |  | Hundredths as fractions | Recognise and write decimal equivalents of | any number of tenths or hundredths |

|  |  |  | Hundredths as decimals |  |
| :---: | :---: | :---: | :---: | :---: |
|  |  |  | Hundredths on a place value grid |  |
|  |  |  | Divide 1 or 2 digits by 100 | Find the effect of dividing a one- or two-digit number by 10 and 100, identifying the value of the digits in the answer as ones, tenths and hundredths |
|  |  |  | Divide by 10 and 100 |  |
| Summer Term |  |  |  |  |
| Strand | PM Unit | PM Unit Title | Lesson | NC Objective $1 \times$ NC Objective 2 |
| Number - fractions (including decimals \& percentages) (approx. $11 / 2$ weeks) | 11 | Decimals (2) <br> (7 lessons) | Make a whole | Recognise and write decimal equivalents of any number of tenths or hundredths |
|  |  |  | Partition decimals |  |
|  |  |  | Flexibly partition decimals |  |
|  |  |  | Compare decimals | Compare numbers with the same number of decimal places up to two decimal places |
|  |  |  | Order decimals |  |
|  |  |  | Round to the nearest whole | Round decimals with one decimal place to the nearest whole number |
|  |  |  | Halves and quarters as decimals | Recognise and write decimal equivalents to $1 / 2,3 / 4,1 / 4$ |
| Measurement money \& time (approx. $21 / 2$ weeks) | 12 | Money (6 lessons) | Write money using decimals | Estimate, compare and calculate different measures, including money in pounds and pence |
|  |  |  | Convert between pounds and pence |  |
|  |  |  | Compare amounts of money |  |
|  |  |  | Estimate with money |  |
|  |  |  | Calculate with money |  |
|  |  |  | Solve problems with money |  |
|  | 13 | Time (5 lessons) | Years, months, weeks and days | Convert between different units of measure [for example, kilometre to metre; hour to minute] |
|  |  |  | Hours, minutes and seconds |  |
|  |  |  | Convert between analogue and digital times |  |
|  |  |  | Convert to the 24 -hour clock |  |
|  |  |  | Problem solving convert units of time |  |
| Geometry properties of shapes (approx. $11 / 2$ weeks) | 14 | Geometry - angles and 2 D shapes (8 lessons) | Identify angles | Identify acute and obtuse angles and compare and order angles up to two right angles by size |
|  |  |  | Compare and order angles |  |
|  |  |  | Triangles | Compare and classify geometric shapes, including quadrilaterals and triangles, based on their properties and sizes |
|  |  |  | Quadrilaterals |  |
|  |  |  | Polygons |  |
|  |  |  | Reason about polygons |  |
|  |  |  | Lines of symmetry | Identify lines of symmetry in 2D shapes presented in different orientations |
|  |  |  | Complete a symmetric figure | Complete a simple symmetric figure with respect to a specific line of symmetry |
| Statistics <br> (approx. $11 / 2$ weeks) | 15 | Statistics (6 lessons) | Interpret charts | Interpret and present discrete and continuous data using appropriate graphical methods, including bar charts and time graphs |
|  |  |  | Solve problems with charts (1) | Solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs |
|  |  |  | Solve problems with charts (2) | Interpret and present discrete and continuous data using appropriate graphical methods, including bar charts and time graphs |
|  |  |  | Interpret line graphs (1) |  |
|  |  |  | Interpret line graphs (2) | Solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs |
|  |  |  | Draw line graphs | Interpret and present discrete and continuous data using appropriate graphical methods, including bar charts and time graphs |
| Geometry position and direction (approx. $11 / 2$ weeks) | 16 | $\begin{aligned} & \text { Geometry - position } \\ & \text { and direction } \\ & \text { (6 lessons) } \end{aligned}$ | Describe position | Describe positions on a 2D grid as coordinates in the first quadrant |
|  |  |  | Describe position using coordinates |  |
|  |  |  | Plot coordinates | Plot specified points and draw sides to complete a given polygon |
|  |  |  | Draw 2D shapes on a grid |  |
|  |  |  | Translate on a grid | Describe movements between positions as translations of a given unit to the left/right and up/down |
|  |  |  | Describe translation on a grid |  |
