YEAR 5 HOME LEARNING - THE DARK AGES

Your Home Learning challenge is to produce a visual aid or an artefact linked to our project of the Anglo-Saxons. Remember to choose something that you have a particular interest in finding out more about. Please bring your item into school on Monday 11th December 2023.

As a historian you will:

- research relevant aspects of your chosen artefact or subject area.
- evaluate the sources and choose reliable ones.
- demonstrate your understanding of your choses area.

As an 'expert' you will:

 choose an item that will help others understand your area of expertise

What will you do with your Home Learning?

As an expert in your chosen aspect of The Dark Ages, you will be asked to be a guest speaker at Hill View's Dark Ages History Convention. You will meet other experts from across the year group and share your knowledge with a small group of them. You will need your artefact or prop to help make your presentation (which you will work on in class) really clear for your peers to understand.

You might be inspired by these ideas.
