

Hello

I am an Education Mental Health Practitioner (EMHP for short) and I work as part of the Mental Health Support Team in schools (MHST).

MHSTs are a new schools-based service working across a small number of schools in the Bournemouth, Poole, Christchurch (BCP) area, including Hill View Primary Academy. The team are part of a national programme which aims to build better understanding of emotional wellbeing in our schools and children. Across the academic year I will be working closely with staff and students each week at Hill View Primary to support the mental health and wellbeing of the children and wider school community.

Supporting good mental health is vital in helping children and young people to thrive. Schools and colleges which take this approach to improve student wellbeing, attendance, and attainment, give their students' the best possible chance to fulfil their potential and we are pleased to be working alongside Hill View Primary Academy.

If you would like to find out more about our team, please visit the link to our website below or speak to a member of the SEND or Inclusion Team.
