Home Learning for 'Land of Fire and Ice'

Home-learning challenge:

For your home-learning this term, your teachers would like you to design and make a model of a physical feature of Iceland. This could be a volcano, mountain, glacier or a river.

This can be made in anyway you like. If modelling isn't your thing, you could create a poster or presentation to share with your classmates, year group and parents/carers.

When creating your enquiry for Iceland remember to:

- Use a range of research methods - books and computers.
- Present your work in a creative way

Enlist the help of an adult or friend to:

Help you find appropriate books in the library.

Use effective research ideas when using the computer, for example when using 'Google' use key words.

Ensure you ask an adult for help when you cut and create things.
