

All Around the World

During this project we will be travelling around the 7 continents of the world. In school we will be learning about 6 of the 7 in school. For Your home learning we would like you to find out about the 7th continent: North America!

Each week there is a challenge to find out facts about North America. Perhaps you could create a booklet about what you find out and create pictures labelling them with words and captions. Or post what you find out on Tapestry.

Week 1

Can you find North America on a world map or a globe?

Week 2

Can you find out what food comes from North America?

Week 3

Why do people travel to America?
What attractions are there?

Week 4

What famous landmarks are there in North America?

Week 5

What animals are found in North America?

Week 6

Get your costumes ready for our **Around the World party** on Thursday 21st March.
