

Name:

Date:

Home Learning for 'Walk on the Wild Side'.

Your main home learning task is to:

- Create a habitat for your own chosen animal out of a shoe box. Label one end of the habitat explaining the animal's habitat, where the animal is from, what they eat and their characteristics.

You could also:

- Invent your own animal and write a description of their features.
- Make a fact file about your pet or an animal of your choice.
- Investigate what animals visit your garden and describe their features.

Enlist the help of an adult or friend to help you:

- Listen to your ideas.
- Think creatively.
- Use appropriate materials for your habitat.

Please ensure home learning is handed the week commencing Monday 20th May 2024

Other children in the year group will get a chance to see the wonderful habitats and presentations.
