

Dear Parents/Guardians,

Next week, your children will be taking part in a range of exciting activities. One of these activities will be making pitta bread pizzas. The school will be providing all necessary ingredients. If your child has any intolerances, please let your child's class teacher know so that we can provide alternatives.

Another one of the activities will involve creating an animal sculpture/collage out of recycled materials, linking to our recent geography learning surrounding pollution. There will be some resources available at school but we would be grateful if your child could bring in any additional recycling or modelling materials from home.

We hope that the children have a fantastic week and enjoy a range of activities.

Kind regards,

Year 6 Team
