

## Save Our Seas 😊

Monday 24<sup>th</sup> June – Wednesday 24<sup>th</sup> July.

Within this project, we will explore the effect of plastics on the ocean, the animals that live there and begin to think about what action we can take to help the planet.

### Task 1

Create an animal from the ocean using junk from your recycling bin. Be as creative as you like!

### Task 2

Take part in a beach clean-up. Go with your family litter picking. How many different plastic objects can you spot? Can you make a list? Could you do a litter pick with your class?

### Task 3

Prepare your outfit for our end of year party 'EYFStival'.
