

Dear Parents and Carers,

We are thrilled to announce that our home reading records will continue to be completed via BoomReader.

BoomReader is the award-winning app designed to support teachers, parents and children with logging reading and books. Your child may be bringing home/already have a slip with details of how to download the Boom Reader app and their school and personal log-in PIN. If you need help with this then your teacher can print this off.

We have had lots of positive feedback about the app and are excited to continue using this again. Some of the benefits we think you'll appreciate!

- No lost reading diaries!
- Reading diaries are never left at home on the busy school run!
- Log reading in seconds- just 4 or 5 taps of your phone/Ipad to log reading.
- Easy to see all reading for all of your children in one place
- Saving needless paper usage
- No damaged/ruined reading diaries
- School gains powerful insight into reading for every child
- Reading records move with your child through school
- Parents/carers can log in separately for each child
- Parents without smartphones can login via the website: [boomreader.co.uk/parents](https://boomreader.co.uk/parents)
- And of course, the app is completely free for parents to download and use!

You can find out more information about how we teach reading including the Boom Reader parents' guide from our website here: <https://hillviewprimary.co.uk/reading/> BoomReader has an area of the website dedicated to parents that includes guides and further information and they are always there to support parents who have any questions.

Fundamentally, the most important aspect to home reading is the reading. With BoomReader, we want to make the process of recording reading as seamless as possible for everyone. If you have any questions, please send them to me or phone and ask.

If you haven't ever logged in then why not try now, its super easy and will make your life much easier too. I know that there is lots of reading going on in our community but we need to see some more evidence of this.

Keep reading! 😊

**Emma Burton/Paige Sharp - Reading Team**
